Important Notice

to

Ship Owners.

AMERICAN LLOYDS OFFICE,
Merritt Sq., New York.
June 21, 1871.

The Register for 1871 is now ready. The January Supplement will contain the introduction to the history of the Register. In order to supply the demand for the Exposition, an extra edition is to be printed and furnished gratuitously to all parties in possession of the "Record," or a book called the "American Lloyds Universal."

HURTHORN & KING.

The American Lloyds Register, being the acknowledged standard of America in surveys of shipping, approved by underwriters generally, and adopted by the Department, Government as a standard for the selection of ships to carry Grants, also by the underwriters Board of Underwriters and the West India Lloyds at Havana, &c., &c., is important to owners to have their vessels surveyed and classed in its "Record." Having competent surveyors throughout the State of Maine, I am prepared to order or make surveys personally, of those I approve, and to grant certificates under the "Standard Rules" issued by the Board. All parties can be supplied with copies of the American Lloyds Register for 1871, by sending their orders to me at the National Insurance Company, Bangor.

75,000 Acres

OF GOOD

Timber Land.

For Sale at a Low Rate,

Situated on Moose River, in the town of Solon, Lewis County, New York.

Said timber consisting of White Hemlock, Spruce, Pine and Hardwoods. The subscribers own two large sawmills, located on Moosehead river, which will consume the hemlock bark, thus enabling the land and timber to be purchased at a very low and cheap rate. The timber is excellent in quality in all par[illegible]. The aforesaid tract of land is easy of access, being only from six to fifteen miles from both the Black River R. R. and Black River Canal, which lead direct to Carthage, where the land is only a comparatively level, well watered and good for farming purposes. Moose River, which extends through the tract, is a large stream, navigable for rafts to Black River, where the aforesaid Canal leads into Black Rock. At this point, or just below it, there is a dam of sixty (60) feet, over which the waters of both rivers flow, thus forming an unlimited water power, which might say right in the heart of the timber, to which Moose River will carry the immense amount of timber from the aforesaid land.

Also twenty-three hundred acres of timber land, mixed with pine, spruce, hemlock, cedar, &c., all within four and one half miles of the Mill, will be sold with or without the timber.

The above property is thirty five miles above Baxter, on the Penobscot River, and in easy communication with the European and North American Rail Road.

Parties wishing to examine will call on FRANK DAVIS, SAMUEL DAVIS, ISAAC INGALLS, or JOHN MANN, at Milford.

For price and terms or any other information regarding it, call on or address D. W. MILLER, Solon, or for the land, to the subscribers at St. JONES MILLER, Jr.

ARE ENDORSED AND PRESCRIBED BY MORE Leading Physicians than any other Bitters or Stimulant now in use. They are

A SURE PREVENTIVE

For Fever and Ague, Intermittents, Biliousness and all Diseases arising from malarious canals. They are highly recommended as an ANTI-DYSPEPTIC, and in cases of INDIGESTION, LOSS OF APPETITE, LOW SPIRITS, and RESTLESSNESS, and in cases of GENERAL DEBILITY they have never been known to fail. Their tonic and laxative properties combined make them a most valuable remedy in all kidney complaints.

BENEFICIAL TO FEMALES.

Strong healing the body, invigorating the mind, and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and we guarantee them to be free from every ingredient offered to the public as PLEASANT TO THE TASTE. Being entirely vegetable, they are the best remedial agents ever offered to the afflicted, as the following testimonials will show. We consider them the most valuable tonic and stimulant now in use.

Eyerly Block, Bangor, Me. E. MEICHEL.

Resident Physician in charge U. S. Marine Hospital.

JAMES A. JACKSON & CO.—Gentlemen: As you have communicated to the medical profession the receipe of the Home Bitters, I consider it, therefore, my duty, as a patient medicine, my patients have not been taken for it. We consider the formula for making the "Home Bitters" not unphilosophically say the sum duration in one of a second over the other, and I have used in the curing in my practice of diseases to which they belong, being highly laxative. The mode of preparation is simple and easily comprehensive, employing both the solid and ornamental branches.

ARE ENDORSED AND PRESCRIBED BY MORE Leading Physicians than any other Bitters or Stimulant now in use. They are

A SURE PREVENTIVE

For Fever and Ague, Intermittents, Biliousness and all Diseases arising from malarious canals. They are highly recommended as an ANTI-DYSPEPTIC, and in cases of INDIGESTION, LOSS OF APPETITE, LOW SPIRITS, and RESTLESSNESS, and in cases of GENERAL DEBILITY they have never been known to fail. Their tonic and laxative properties combined make them a most valuable remedy in all kidney complaints.

BENEFICIAL TO FEMALES.

Strong healing the body, invigorating the mind, and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and we guarantee them to be free from every ingredient offered to the public as PLEASANT TO THE TASTE. Being entirely vegetable, they are the best remedial agents ever offered to the afflicted, as the following testimonials will show. We consider them the most valuable tonic and stimulant now in use.

Eyerly Block, Bangor, Me. E. MEICHEL.

Resident Physician in charge U. S. Marine Hospital.

JAMES A. JACKSON & CO.—Gentlemen: As you have communicated to the medical profession the receipe of the Home Bitters, I consider it, therefore, my duty, as a patient medicine, my patients have not been taken for it. We consider the formula for making the "Home Bitters" not unphilosophically say the sum duration in one of a second over the other, and I have used in the curing in my practice of diseases to which they belong, being highly laxative. The mode of preparation is simple and easily comprehensive, employing both the solid and ornamental branches.

THE LABOR REFORMERS.

The platform which was constructed by the recent National Labor Reform Congress at St. Louis has earned for itself a considerable amount of severe criticism, not unmixed with ridicule of its absurdities, which, indeed, are frequently so apparent that no very acute search is required to detect them. Probably the most exaggerated misstatement which is made in this address is the following:

"Our Government is wholly perverted from its true design, and the sacred names of democracy and republicanism are synonyms of despotism, and the parties represented thereby, as now organized, are engines of oppression, crushing out the lives of the people.—We need only to point to the facts that in this beneficent country of unlimited resources, with the land annually groaning beneath the products of human effort, the mass of the people have no supply beyond their daily wants, and are compelled, from unjust conditions, in sickness and misfortune, to become paupers and vagrants."

These utterances, says the Baltimore American, will scarcely bear the test of being contrasted with the facts as they exist. There is no place in the world where labor is so well paid as in the United States, and it is the only nation where "the man" of the humblest birth can rise to the highest political and social condition, without any restrictions upon his ascent, but, on the contrary, with his early poverty and obscurity pleading to his advantage. If the assertions of this Convention were true the condition of the laboring man in the United States would be below that not only of the English operatives, but of any of the lower classes of Europe. We might safely refer to the first immigrant laborer to be met with on the streets for a refutation of the statement made in this address, relying on his judgment of the difference between his wages and advantages here and in the country from which he came.

It is aptly said by the N. Y. Journal of Commerce that if "these were the heated utterances of a demagogue, addressed to a meeting of strikers on some occasion when blood was up and exaggeration expected, there might be some excuse for them. But they are thought out and written out calmly and deliberately. They are the production of well-fed and well-dressed men, with money in their pockets, derived probably from the salaries of official positions in the Labor Reform organizations. The writers, personally, may not know much about labor, except theoretically, but they cannot have lived long in this country and moved around without learning a lesson quite the opposite of what they now essay to teach." The Democratic and Republican parties have each a large membership of workingmen, and if either is the "synonym of despotism" they must be to some extent responsible. But the laborers are really content to remain with one or the other of the parties to which they have allied themselves, and least of all would they obtain redress for any class wrongs or grievances through that clumsy political machine called the Labor Reform party.

A very sufficient answer to the statement that "the mass of the people have no supply beyond their daily wants, and are compelled, from unjust conditions, in sickness and misfortune, to become paupers and vagrants," can be made by referring to the immense deposits in the savings banks and building associations throughout the country, and the home life of the great mass of laboring men who endeavor to cultivate themselves morally and intellectually. Pauperism and vagrancy are comparatively very scarce in the United States, and so far as they exist, are in almost every case directly traceable to laziness and dissipation.

Of course, it is an easy matter for the leaders of the Labor Reform Party to produce such compositions as this platform, and if the result of their labors is duly studied and compared with the truth, their misrepresentations fall harmless. There are, however, multitudes of people whose fancies are tickled and their good sense deceived by a cunningly worded metaphor or an ingenious phrase, and who will not take the trouble to reflect on what is said. It is to them that the invitation should be given to look carefully through the Labor Reformers' address, and ask themselves how much of it is truth.

From the resolutions published yesterday, it will be seen that the Penobscot sachems refuse to take the "new departure." The old Bourbon line of battle is formed again and they are determined to carry the tattered copperhead flag to another defeat. Eternal hostility to the constitutional amendments and a reassertion of the anti-common school resolutions busied by the Augusta Convention, make up a platform as familiar as the names of the iron-clad veterans who figured in the council. The Penobscot chiefs wish to be [illegible] their [illegible], which is a laudable [illegible] that [illegible] thorough [illegible] gratified.

Several of the [illegible] papers have [illegible] the [illegible] accounts given by the [illegible] correspondents of the condition of industry in that State, congratulating the correspondents on the possession of a lively imagination.—Like the stories told in New York of the degradation of the Massachusetts farmers, you prick them and they disappear. They are not fit to be told even to the marines, for they wouldn't believe them. The owners of the ship-yards and the ship-builders generally have lost a thriving and once profitable business. Their loss is a public one undoubtedly; but the effect of the loss has not been of the nature described. There has been no starving on account of it. The capital withdrawn has found profitable investment elsewhere. The labor withdrawn has found more profitable employment elsewhere. And the only ultimate loser will be the nation, which has allowed such depression to fall upon an industry peculiarly entitled to be an object of national care.—Boston Advertiser.

THE TAMMANY FRAUDS. The general committee of New York capitalists to participate in the movement to compel the showing of the city accounts by Tammany officials, met on Monday, nearly all the members of the committee being present. There was a general and protracted but entirely harmonious discussion of the contemplated measure, and further arrangements were made for a great meeting to be held at Cooper Institute, Sept. 4th. A sub-committee was appointed to draft resolutions and appoint speakers, and was instructed to request a well known citizen to act as president of the meeting. The members of the committee state that the movement is gaining strength and includes men of all parties.

THE TROUBLE WITH McCOOK. The announcement that Gen. McCook, Democratic candidate for Governor of Ohio has withdrawn from the canvass, may perhaps be explained by the following dispatch to the Cincinnati Commercial, dated at Chilicothe, Aug. 18th:

The Democratic meeting last night proved to be one of the richest fizzles imaginable. McCook and party had spent the afternoon at ex-Senator Allen's. It seems that the hospitality of the excellent old Senator was too much for them. McCook took the stand, and, after trying to tell something about a poor chap that had two babies, he broke down. His friends came to his assistance with a bottle of peppermint, but he took too much and choked up so he couldn't get a word out. After coughing, crying, &c., he got one foot on the table and made out to say that the population of the United States had increased thirty-eight million dollars. After that he said he was sick and quit. The Democracy say Ross County has gone—McCook has spoiled all hopes here.

The following is said to be a verbatim report of a portion of one of his speeches:

"Talk of the tariff! Two cents a bushel on iron—salt—sugar, I mean. Workingmen, think of that. And the bonds ain't taxed, but your salt is taxed—your sugar I mean, two cents a bushel—a pound, I mean. And who says that Gen. Jackson was not a great man? Whoever heard of him taxing poor men's salt—sugar, I mean two cents a bushel? No, sir! Old Hickory swore by the Eternal sugar should be free of tax. Then there is the debt of twenty-five thousand billions, and only two hundred and eighty thousand paid off in five years. Where has the rest gone to? The Republicans stole it to enrich the iron masters."

LATEST NEWS IN BRIEF.

A special to the N. Y. Evening Telegram, states that the time of the St. John crew was 39 minutes, 20½ seconds.

Accounts from every part of the coast section of South Carolina, report immense damage to the cotton and rice crops, especially to the cotton crop, from recent heavy rains and gales.

Consul McGowan at Shanghae, writes to the State Department, warning it against the introduction, into the country of the rinderpest from Siberia.

Gen. Brennan asserts that the shell whose "terrific explosion" so demoralized the passengers of the Plymouth Rock, "was not loaded" and hence could not explode.

The committee on the budget in the French Assembly, has agreed to fix the salary of M. Thiers at 500,000 francs, with a credit in addition for ordinary expenses and presents.

William A. Burtis, President of the Empire City Fire Insurance Co., has been arrested in New York, for uttering a United States 5-20 registered bond for $10,000, which had been stolen and the endorsement altered.

It is reported that a compromise has been made in the matter of the prolongation of Thiers term of office, under which he is to receive the title of President, and hold his position until the dissolution of the present French Assembly.

The Grand Lodge of Odd Fellows, of the State of New York, assembled at Utica, on Tuesday. Deputy Grand Sire Morse, reported that they had lately established six lodges and one encampment in Prussia.

A propeller, laden with dry goods arrived at Chicago on Monday, twenty-three days from Liverpool, which is said to be quicker than the time usually occupied in importing via New York. It is proposed to establish a permanent line.

The dispatches from the Asiatic fleet are accompanied by a number of photographic representations of the situations of the fleet and scenery where the operations against the Coreans were conducted, the condition of the forts after the capture, etc.

The New York City and County Central Reform Association, resolved on Tuesday to employ two distinguished lawyers from outside of the State to prosecute the leading men of the Tammany ring, and bring the full force of the law to bear on them.

A train of five cars loaded with petroleum, took fire by a spark from a passing locomotive at the west end of the Erie Tunnel at Bergen, Tuesday evening, and was entirely destroyed. Loss to the Erie Railroad Co., $12,000.

The Secretary of the New York Yacht Club, has received a letter from Commodore Ashbury of London, stating that he has resolved to send the yacht Cambria to this country to contest for the Queen's cup, instead of the Livonia.

Ground was broken at Buffalo, N. Y., on Tuesday, for a new Insane Asylum. The building will be 1000 feet long, and will cover an area of 217 acres. Ground was also broken for the new city buildings in Franklin Square, which when finished will be it is said, the finest in the United States.

Arrangements have been made by Supt. Kelso, of New York, to protect the Italian procession on Friday. Inspectors Walling and Jameson take the front and rear respectively, each commanding a battalion of policemen. The whole reserve will be on duty all day.

A fatal railroad accident occurred near Indianapolis on Monday. An up-train on the Indiana & Louisville Railroad, when crossing a county road, struck a wagon in which two men were seated. They had observed the approaching train, but had not time to escape. Both were instantly killed, the head of one being entirely severed from his body. The horses were also killed, and the wagon demolished.

Ship Euterpe of New York, Captain Leach, sprung a leak and went down in thirty minutes, June 5th in the South Atlantic. The officers and crew took to two boats, the captain and sixteen men in the larger and seven men in the smaller. After weathering two heavy gales, the large boat made Rio Grande do Sul, June 14, having been two days and nights without food or water. The smaller boat has not been heard from, but it is supposed to have been picked up by a passing vessel.

MAINE POLITICS.

At the Democratic Convention for Knox County, held at Thomaston, on Saturday, the following nominations were made: Senator, Henry Spaulding of South Thomaston; County Attorney A. S. Rice of Rockland; County Commissioner, John Davis, 2d, of Friendship; County Treasurer, George W. Berry of Rockland.

Washington County Republican Convention met in Machias, Aug. 17th, and made the following nominations: Senator, D. L. Sawyer of Jonesport and D. K. Chase; Clerk of Courts, P. H. Longfellow of Machias; Commissioner, John Gardiner of Calais; Treasurer, Ignatius Sargent of Machias.

MORE TRUTH THAN POETRY. Croffut of the Chicago Post, in his "Table Talk" thus neatly travesties Democratic dissensions:

Says Stephens to the World: "You start your treacherous foolish New Departure—relinquish slavery, court the nigger, and cut your cloth to Greeley's figure—the Democrats won't vote your ticket; they'll spit on, loathe despise and kick it. You're beaten sure in every section; you'll scarcely know you had an 'lection!"

Then says the World to Stephens: "Bourbon! You'd better clap the foil curb on!—You're idiotic, crazy, foolish, fanatical, imprudent mulish. To clear the deck for mortal action we must begin with a retraction, must make a liberal confession, cave in, acknowledge our transgression, hug all the niggers in a hurry, black all their shoes, and say we're sorry. Your ticket never 'll stand the reveal; one gun would blow it to the—dickens; the abolitionists would knock it higher than Gilderoy's sky-rocket!"

Lost if they use the sovereign balm;
Lost if they try to do without it;
Thus, though they quarrel o'er the charm,
Both are *exactly right about it!*

SUCCESS OF THE NEW LOAN. The Washington correspondent of the Boston Advertiser says the announcement of the success of the new loan in Europe was received there with great satisfaction, and was the common theme of conversation. The Secretary himself speaks of the news in the most quiet way, rather as if he were pleased, than the least excited or surprised. He still remains reticent in regard to his plans for the future. Many who have been most sceptical are now correspondingly enthusiastic on account of the result already announced. The quotations of the new bonds above par recalls the notes of our six-per-cents when Mr. Boutwell became Secretary, they being then in London about 17 per cent. below par. From this point of view, at which the subject is seen in Washington, confidence in the refunding of all the five-twenty bonds by the present Administration is daily increasing.

A SENSATION STORY. One of the New York papers publishes a story told by ex-Government Detective Wood, some time ago removed from his position, in which he alleges that the steamship Golden Rule was purposely wrecked on a reef in the Caribbean Sea in May, 1865, to cover the robbery of over a million of dollars of United States treasure.—Wood states that the money was stolen by one Montgomery Gibbs but that Capt. Dennis of the Golden Rule was connected with the plot. Gibbs was on the vessel as a passenger under an assumed name, and had two women to help him. Wood declares that he could convict Gibbs and Dennis, if the Government would indict them.

IMPORTANT ARREST OF MEMBERS OF THE KU-KLUX. F. J. Gilbert, Kelsey Cox and William Gillam were brought before the U. S. Commissioner at Louisville, Ky., on Monday, charged with being parties to the late alleged Ku-Klux outrages in Estelle county, and were sent to jail in default of $25,000 bail each. Gilbert is said to be a captain of one of the Ku-Klux companies, and a leading man in the organization in that section.

It is said that Gillam is about 16 years old, and has been arrested once before, but escaped from the Court House in Louisville—He will be used by the Government as a witness against the others under arrest. It is understood that he will, on condition of being released, expose the secret organization in Estelle and Powell counties, and confirm the lately published testimony of Payne in regard to signs, grips, pass-words and other machinery of the order.

A Valuable House for Sale,

The owner, having removed from the city wishes to sell this house, situated on West Broadway. It is a large new, two-story house with a French roof, and is furnished throughout in the best manner and with all the modern improvements. It is situated on one of the pleasantest street in the city, and all of the surroundings are as good as could be found anywhere. The lot contains about seven eighths of an acre (150 feet on the street, and about 350 feet back) and is all under a high state of cultivation. The soil is very nice and light. There are nearly all kinds of fruit trees and shrubbery on the lot, and a nice large garden beside the house. It is seldom that such a chance is offered to persons wishing to buy a nice house.

It must be sold immediately. For particulars inquire at No. 4, Broad Street, Bangor.

BONDS

—OF THE—

EUROPEAN AND NORTH AMERICAN RAILWAY CO.

THE E. & N. A. RAILWAY is completed from Bangor Maine, to St. John, New Brunswick, a distance of 202 miles,—with the exception of 58 miles between Winn, Me., and the boundary line of the State at Vanceboro'. On this portion the track is now being laid, both from Winn eastward and from Vanceboro' *westward*, and the work will be completed and trains running from Bangor to St. John in September next.

This road will then be

THE ONLY RAILWAY

CONNECTING THE UNITED STATES AND THE BRITISH PROVINCES (New Brunswick and Nova Scotia). The population of the maritime Provinces is about ONE MILLION, and all the land travel, freight, mails, &c., between them and the United States, will pass over this Trunk line, which is WITHOUT COMPETITION. Although not yet completed, the business of the road is already far greater than its most sanguine friends predicted, and is continually increasing.

The net earnings from Local Business alone, on the 56 miles completed in Maine, already exceed the interest on two and one-quarter millions of dollars, and will be largely increased after Sept next by the business to and from the Provinces.

To complete this road, and to equip it as fully as its present large business and the immediate increase consequent upon its completion, requires,—the Company has issued its Bonds to the amount of Two Millions of Dollars, secured by a

FIRST & ONLY MORTGAGE

ON ITS ENTIRE ROAD AND PROPERTY FROM WINN TO VANCEBORO' (besides a *Second* Mortgage on the entire road and equipments from Bangor to Winn, 56 miles. This portion cost some $2 300,000, and the only lien thereon is a mortgage to the city of Bangor for $1,000,000)—and, in addition thereto, by a FIRST AND ONLY MORTGAGE on

800,000 Acres of Land!

Said land is being the same granted by the State of Maine to aid the construction of this road. They are situated along the Penobscot and St. John rivers, and are heavily timbered and valuable. Large tracts, especially in the fertile Aroostook Valley, (the finest agricultural district in the State,) are valuable for farming lands as well as for their timber. This immense grant of lands equals about

14,000 Acres to each Mile

of Railroad with which they are mortgaged. They cover 1250 square miles (nearly as large as the State of Rhode Island, which is 1306 square miles,) and are of great value.

Thus, besides the mortgage of the Railway, its equipments, &c., which alone is ample security for the Bonds, there are timber and farm lands to the amount of

400 ACRES TO EACH BOND

also pledged to ensure the payment thereof.

The Bonds are for $1000 each; due March 1, 1899, bear interest at

Six Per Cent, Per Annum,

PRINCIPAL AND INTEREST PAYABLE IN

GOLD COIN.

Free from U. S. Taxation.

Coupons payable March 1 and September 1, in New York. Bonds registered if desired. Coupons made payable (£6 each) in London, England, if preferred.

SINKING FUND—All proceeds of sales of land, as well as of timber and other products therefrom, are, by the Trustees, to be invested in these Bonds if they can be bought at par or less; otherwise in United States, State or Municipal Securities. And on July 1, 1879, and annually thereafter until these Bonds become due or are all paid, the E. & N. A. Railway Co. is bound to pay to the Trustees a sum of money equal to one per cent. of the amount of Bonds outstanding. Such amounts, and all interest received on securities, belonging to the SINKING FUND are to be invested as above stated, and these accumulations are solely for the purpose of additionally providing for the redemption of these Bonds. The Sinking Fund constitutes a third great element of security and strength, and adds to the safety of these Bonds.

The Trustees are Hon. HANNIBAL HAMLIN, of Bangor, Me., and J. EDGAR THOMSON, Esq., of Philadelphia, Pa.

The Trustees are authorized to receive the Bonds at Par and Accrued Interest in payment for any of the lands at their appraised value.

These very desirable securities for sale at

90 AND ACCRUED INTEREST IN CURRENCY.

U. S. Bonds and all marketable securities received at highest market price in exchange for these Bonds, and can be sent by Express and these returned by Express, free of expense to the purchaser.

Pamphlets giving further particulars concerning the connections and business, with Maps, showing the location and lands of this road, sent free on application to

ELIAS MERRILL,

Principal Agent for the Company for the Sale of Bonds,

BANGOR, MAINE.

On completion (in 1872) of 60 miles of Railroad now building, between St. John N. B. and Halifax, N. S. there will be an unbroken line of Railway from Halifax to all the chief cities of the United States, and as two or three days of ocean travel can be avoided, and about 36 hours' time saved, from New York, in going to or coming from Europe, by rail to or from Halifax,—a large business in passengers, mails and freight will thereby be added to the traffic over the E. & N. A. Railway.

A Very Desirable Property

IN BREWER,

AT AUCTION!

On THURSDAY, Aug. 24th,

at 4 o'clock P. M., on the premises.

The place owned and occupied by Capt. GILBERT SOULE, situated on the river road between Brewer and Brewer Village, about three-fourths of a mile from the Bangor Bridge. The property consists of a house, with ell, wood house and Stable, with four acres of land.

The house is 2 stories, 24 by 31 ell and wood house 1½ stories, barn 2 stories, 26 by 3[illegible]. Stone cellar under the main house and ell, also under the barn. A large brick and cement cistern in cellar of the house and a good well of water in the yard. All the buildings are in complete repair, and arranged for convenience and comfort. The lot contains 4 acres, and has a front on the road of 20 rods. On the lot is a number of fruit trees, and a beautiful grove of evergreen trees. The location of this property is very desirable. Situated between two thriving villages, only half a mile from each, and less than a mile from the city of Bangor, on a good road and in a good neighborhood.

The view of the city is very fine, and of the surrounding country, charming. Every vessel that passes up or down the Penobscot River, and every train of cars that goes over the Maine Central R. R. can be seen. Few situations combine so many attractions.

Terms easy. Possession given immediately.

—ALSO—

Lot of land opposite Neally's mill in Brewer. Immediately after the above sale will be sold lot of land in Brewer situated on the road opposite Neally's mill.

ANOTHER HORRIBLE TRAGEDY

Felix Dorcy a truck driver aged 40 years, living in a tenement house on East 15th St. murdered his wife this morning, and then made an ineffectual attempt to kill his two sons Bernard aged 17, and Hugh aged 9 years, and then committed suicide. The sons state that their father had labored under fits of mental derangement for over six months, and that they had been trying for some time to get him into an Insane Asylum and expected to place him there yesterday, but it was postponed till to-day. The father evidently suspected the fact and appeared quiet last night. This morning soon after the family got up, the father took a common table knife and sharpened it, as he went towards the door, his wife interposed to prevent him from going out, and a struggle commenced; both sons caught hold and attempted to get the knife away. The father became frenzied and drew the knife across his wife's throat, and turned upon his sons who escaped. The father then drove the knife twice into his own throat.

MOUNT HOPE

THE MOST BEAUTIFUL CEMETERY IN MAINE.

A recent visit to Mount Hope fully convinced us of what we have many times heard expressed—that it is beyond a doubt the most beautiful cemetery in Maine. Situated on the western bank of the Penobscot river, some two miles above this city, it is accessible by two good roads—Mount Hope avenue and the "river road," a continuation of State street—and also by the E & N. A Railway, two trains each way daily stopping at the little station house near the lower gate of the grounds. The location is naturally very fine, and much has been done to improve it. Hill, valley and plain alternate in just the right proportion to give the needed variety of surface, walks and drives have been laid out in a tasteful manner, the hill has been terraced and flights of steps laid to render all parts of it easy of access. A small brook winds through the lower portion of the grounds, and on the eastern plain a pond has been excavated, which is supplied with water from inexhaustible springs. It is proposed to have a similar pond west of the hill, to be filled with water from the brook. There are at present 920 lots laid out, which do not vary greatly in size, and most of them have been graded and improved. Many are surrounded by tasteful iron fences, some by evergreen hedges, others by granite coping, but the greater number are not enclosed save by a terrace and edging of turf. On the plain west of the hill is situated the new receiving tomb erected last season—a structure of brick and stone completely imbedded in the hill side save the massive front, which is of dressed granite, finely designed and constructed. Trees and shrubbery of every variety that grow in this climate are set in nearly all parts of the grounds; while on the hill-side stand a hundred or more grand old oaks, relics of the original forest. From the summit of the hill a magnificent view can be obtained, embracing the river for miles above and below, the fields and hills beyond, and the city in the distance. No pen-and-ink description can convey an adequate impression of the beauty and variety of the grounds, one must see them to comprehend, and it requires a full half day to look them over

A portion of the land was purchased in 1835 or 1836, since which time four more purchases have been made—the last 25 acres on the eastern side, quite recently, making a total area of 125 acres. Twenty five acres of this belong to the city, the remainder is owned by a corporation organized under a special act of the Legislature, and every lot owner is a member. The officers of the corporation for the current year are President, Charles Stetson, Secretary, John Bright, Treasurer, A W Paine; Executive Committee, S R Bradbury, J S. Wheelwright, Arad Thompson, Moses Giddings and Charles Hayward. The grounds are under the control of the Executive Committee, and Mr Bradbury has exercised a personal supervision over them for a number of years, devoting a large portion of his time to the duty. As none of the officers receive any pecuniary compensation for their services, it will be seen that what has been done is a "labor of love," and all concerned may well be proud of the improvements which are so apparent to every visitor

Mr C E. Greene, City Engineer, has lately made an accurate map of Mount Hope Cemetery, which shows the position, size and ownership of each lot, the location of every walk and drive, tree, &c. It is a fine piece of work and very creditable to the engineer and his assistants. The map may be seen at the office of Hon. A. W. Paine, in this city. Any lot owner who is obliged to leave the city, or desires to be relieved from the personal care of a lot or monument, can have that duty performed by leaving with the Treasurer of the Corporation a sum of money, which will at once be placed on interest, and the annual income appropriated to keeping the lot in good condition. Quite a large amount has been thus deposited

The number of visitors to Mount Hope every pleasant day is very large and is constantly increasing.

FIRST MAINE HEAVY ARTILLERY.

REUNION AT EAGLE ISLAND—ELECTION OF OFFICERS—FINE SAIL UP THE RIVER—A PLEASANT EXCURSION

The surviving members of the First Maine Heavy Artillery, (formerly 18th Maine Infantry,) with relatives and about 150 ladies—the whole party numbering about 300 persons—had their annual excursion and reunion on Tuesday. The party embarked on the new steamer *C. B Sanford* at 9 o'clock in the morning, and made the trip to Eagle Island in about four and a half hours, enjoying every minute of the time. The Bangor Cornet Band accompanied the excursion, and enlivened the occasion with some excellent music on both down and return trips and on the Island. Arriving at their destination at 1.30 p m, the excursionists disembarked and made themselves at home about the Island for about two hours, during which time they discussed their picnic dinner with appetites made sharp by the bracing air. At 3 30 the members of the Association were called together and the annual election of officers was held, resulting as follows —

President, General Charles Hamlin, of Bangor.
Vice Presidents Surgeon J. B Elkins, of Oldtown, and Capt. J W Atwell, of Orono
Secretary, A. C. Sawyer.
Treasurer, J. A Dole, of Bangor
Directors, Maj F E, Shaw, of Paris, Lieut. W C Moore of Brewer, Benj M. Foss, of Orono, J A Dole and A. E. Hardy, of Bangor.

It was voted to hold a grand reunion next year at some place yet to be designated, at which time it is proposed to take tents and "camping out materials" sufficient for a three-days' encampment. An endeavor will be made to have every living member present to participate in the enjoyment of the occasion, and the time and place will be fixed in season to give every one a sufficient notice

At 4 o'clock the return trip was commenced. It was enjoyable in every particular, and the party arrived here at 10 in the evening delighted with the day's entertainment

Hon Jonas Cutting, Justice, presiding
Charles P Stetson, Esq., County Att'y
Wednesday, Aug 23d

The case of State vs A. L. Spencer was given to the jury at a little before 11 o'clock, County Attorney Stetson having finished his closing argument and the judge concluded his charge at that time. The Court then adjourned until 2.30 o'clock p. m. At that hour the jury came in and reported that they could not agree and were consequently discharged from further consideration of the case. The County Attorney informed the Court that the foreman of the jury, Aaron Haynes, of Passadumkeag, had been seen conversing with the prisoner and several witnesses for the defence while the case was pending. Mr Haynes was sworn, and admitted that he conversed with the persons mentioned, as alleged, but stated that nothing was said about the case in the conversation. The Court thereupon discharged Haynes from further attendance on this term

We learn from reliable authority that the jury stood eight for conviction and four for acquittal. Spencer was admitted to bail in the sum of $5 000, with Ephraim Wentworth and Abraham Sanborn as sureties, until 9 o'clock this morning

THE MEDWAY MURDER CASE

was next called and Elbridge W. Reed, charged with the murder of John Ray, was brought into Court at half past 3 o'clock.

According to the new law, the names of all the jurors present at this term (32 in number) were put in a box, the jurors took their places on the left side of the Court-room, and the Clerk proceeded to draw from the box the names for a new jury for this case—each man, as his name was drawn, stepping down and going across to the witness stand, where he was asked the questions required by the statute. Attorney General Reed appeared with County Attorney Stetson for the State, and W H. McCrillis and Jno F. Robinson for the defense.

The first name called was Charles G Wing, of Dexter, who was accepted and sworn

George S Trask, of Springfield, had heard about the case in his town, and had read an account of it in the papers, he was challenged by the defense for cause

James Cooper, of Prentiss, was accepted and sworn

Richard Patten of Hampden, was peremptorily challenged by the defense

Ephraim Pickard, of Hampden, was accepted and sworn

Wm E Crowell, of Exeter, was accepted, but was excused on account of sickness

Augustus P. Chapman of Oldtown, was peremptorily challenged by defense.

Wm Y Tasker, of Dixmont, and Parker C Prescott, of Newport, were accepted and sworn

Geo A. Thatcher, of Bangor, was peremptorily challenged by defense

John W Coombs, of Chester, had formed an opinion as to the guilt of the prisoner

Albion K P Nason, of Kenduskeag, Wm Irving, of Oldtown, and Samuel J Hathorn, of Veazie, were accepted and sworn

Charles H Prouty, of Lagrange, had formed an opinion in regard to the guilt of the prisoner

Amos Smith, of Milford, Scott Davis, of Plymouth, Jeremiah F. Fish, of Holden, and Joseph Tozier, of Hudson were accepted and sworn, which filled the panel.

The Court appointed Mr. Tasker foreman, and the jury, as impaneled, stands as follows

Wm. Y. Tasker, Dixmont, foreman
Charles G Wing, Dexter
James Cooper Prentiss.
Ephraim Pickard, Hampden.
Parker C. Prescott, Newport.
Albion K P Nason, Kenduskeag.
William Irving, Oldtown.
Samuel J. Hathorn, Veazie.
Amos Smith, Milford.
Scott Davis, Plymouth
Jeremiah F Fish, Holden.
Joseph Tozier, Hudson.

Nearly all the jurors are farmers. They were allowed a few minutes in which to send messages to their friends and relatives, with whom they will not be allowed to communicate while the trial is in progress, and they were given in charge of Deputy Sheriffs Wm. L. Scribner, of Springfield, and Isaac N Mayo, of Hampden, who will attend them until the close of the trial. The Court then adjourned until 9 o'clock this morning

A large crowd of people was present in the Court-room while the jury was impaneled — The prisoner appears to be about 35 years of age, is about 5 feet 9 inches in height, has dark brown hair, moustache and "goatee" of a lighter hue, and black eyes. His features are good and his face looks fresh and healthy, though rather pale from confinement in jail since the first of May

The County Attorney will open the case to the jury at 9 o'clock this morning

Wednesday, Aug 23d State vs. Thos. Gaghen, adultery, bound over to the next term of the S. J. Court, with bail fixed at $500

State vs. Timothy Cronan, fornication, bound over to the next term of the S. J Court, with bail fixed at $200

State vs John Gillin, common drunkard, sentenced to House of Correction for 30 days, and to pay costs of prosecution.

Professor A... of Baltimore, has reported to State's Attorney Knott that he had completed his analysis of the stomach of Mrs. Wharton's son, Edward Wharton, and that he had not found any evidence of the poison which she was suspected of having administered to him. The examination of a bottle of brandy which Mrs. Wharton had given a friend, also failed to show any traces of poison.

POLITICAL AND PERSONAL.

Collector Casey and U S Marshal Packard of New Orleans, have issued an address to the public embodying their explanation of the recent Custom House Convention. They charge the Warmouth party with bribery, corruption and threats of assassination, and that Governor Warmouth had engaged every public hall fit for the purpose, in the city, with the intention of forcing the convention to meet in some place where he could control it. Accordingly they selected the Custom House and engaged U S troops to protect it, and then they state that the convention was called for 12 o'clock, and that the Governor and his friends were not let in because they were an hour and three quarters ahead of time — In conclusion they assert that the propriety of their action is vindicated by the assertions of the police captains that if the military had not been present the police would have invaded the building and let loose the thugs and rowdies to make a general clearing out of all inside

THE OHIO POISONING CASE. In the Buffenberger case on Tuesday, Prof Wormley's examination was concluded. Dr Sprague confirmed the evidence relative to the analysis of the internal organs of the deceased and said that everything about the grave indicated that it had not been disturbed. When the coffin lid was opened he recognized the features of Buffenberger. Other witnesses testified to the identity of the remains

A committee of the constitutional convention of Nebraska have had the liquor traffic under consideration and have made it the subject of an elaborate report. Among the numerous tables embodied in it is one which shows that the sums expended for liquors in the States of Connecticut, New York, Pennsylvania and Ohio are just about equal to those which represent the total value of the railroads in the same States, namely, upward of $585,000,000. Similar statistics for the whole Union show an expenditure of $1,483,491,865 for liquors at retail, and $1,654,?0,779 for the total value of the railroads and their equipments. This does not embrace the immense direct cost resulting from crimes, pauperism and other evils of the liquor traffic

A Safe & Profitable

INVESTMENT.

First Mortgage Bonds,

To a limited amount upon a railroad which is well ... and which has been already largely constructed with the funds of its Stockholders ... than safe. This security ... the Constructing Company is composed of ... character, and of ample means for successfully carrying through any work that they undertake.

THE

NEW ORLEANS, MOBILE & TEXAS

RAILROAD COMPANY

Offer for sale a bond which combines these advantages in an unusual degree. The route lies between Mobile ... and Houston, Texas—passing through New Orleans the New York of the South. Of the whole line of 475 miles, about two thirds are already built, and the Stockholders have expended nearly TEN MILLION DOLLARS in the work. The bonds now offered are secured by a mortgage upon all that part of the line west of New Orleans, which has an enormous traffic assured to it from the start this being the only rail connection by which the cotton, corn, cattle and other productions of Texas can reach New Orleans

So important is this road considered to Louisiana, that the State has made very liberal grants in aid of the enterprise by direct donations by endorsement of ... mortgage bonds and by subscriptions to the stock of the Company, amounting in all to over eight million dollars

The First Mortgage

Eight Per cent Bonds

Now offered are limited in amount, to $12 500 per mile and are for $1 000 or £200 each, interest payable January and July, at the rate of 8 per cent Currency or 7 per cent Gold at the option of the holder. Bonds registered if desired

Among the leading Stockholders of the Company are Hon J D Morgan, Ex Governor and Ex-U S Senator Hon John A Griswold Ex Lieutenant Governor Troy N Y, Hon Oakes Ames M C Massachusetts Messrs Morton Bliss & Co L. Von Hoffman & Co J & W Seligman & Co, Harrison Durkee and others of New York. Benjamin E Bates President Bank of Commerce Franklin Havens, President Merchants Bank, Boston, and others also well known

The above statement of facts proves the SAFETY of these Bonds. Their PROFIT is equally manifest upon examination. They are sold for the present at 90, and accrued interest from July 1st. At this price they afford a certain income for forty-five ... per cent upon their cost. One thousand dollars invested in these eight per cent bonds will give the purchaser *more than sixty ... per cent* greater annual interest than the same amount invested in the new Government five Per Cents while holders of Government Sixes will find a decided profit in selling them at present high prices and re-investing in the New Orleans Mobile and Texas Bonds

Subscriptions will be received in Bangor by

and in Bucksport by
